SKILLS

Programming Languages: Java, Python, C

Web development: HTML, CSS, JavaScript

Core CS Fundamentals: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), DBMS, SQL

AI / ML & Tools: LangGraph, Groq API (LLM Inference), Python Data Stack, Git, GitHub, VS Code, Vercel, Render

Version Control: Git, GitHub

EDUCATION

- ❖ **Computer Science and Engineering** | RCC Institute of Information Technology, Kolkata **Aug 2023 - Present**
GPA: 8.47
- ❖ **XII (WBCHSE)** | Bidya Bharati Girls' High school, Kolkata **85.2% | 2022**
- ❖ **X(WBBSE)** | Bidya Bharati Girls' High school, Kolkata **86.71% | 2020**

PROJECTS

- 1. PathAI Agent Web Application** | React.js, LangGraph, Groq API, Node/Python, Vercel
 - Engineered an AI-powered full-stack web application implementing **LangGraph** to model stateful, multi-step agent workflows rather than simple prompt chaining.
 - Integrated Groq API for ultra-fast LLM inference, reducing path planning and analysis latency.
 - Built a decoupled architecture (**React** on Vercel, **Python/Node** on Render) communicating via **REST APIs**.
 - Live Demo: <https://pathai-project.vercel.app/>
Repository: <https://github.com/An-star415/pathai-project>
- 2. Worldwide City Weather Application** | JavaScript, HTML, CSS, OpenWeather API
 - Developed a responsive weather application fetching real-time global meteorological data (temperature, humidity, wind speed) via OpenWeatherMap REST API.
 - Handled asynchronous API fetch operations, dynamic icon rendering, and input validation for worldwide city queries.
 - Repository: <https://github.com/An-star415/city-weather2>

HONORS, CERTIFICATIONS & ACCOMPLISHMENTS

- ❖ **AI & Tech Recognition:** Participated in **AI Technology Business Workshop - American Center Kolkata** [\[Verify\]](#) and **Intel AI Impact Festival**. [\[Certificate\]](#)
- ❖ **Hackathons & Selection:** Qualified for Level 1 GenAI Workshop in Deloitte Hackspllosion 2026; Qualified Preliminary Screening Test at Centre of Excellence on Data Science & Machine Learning (Webel AICOE), Team participant in Cognizant Technoverse Agent Builder Challenge. [\[Certificate\]](#)
- ❖ **Leadership & Community:** Appointed Tech Community Lead at OdNest EdTech; Active member of GDG Campus RCCIIT and Volunteer at NSS Unit RCCIIT.
